Lady Took Cardui
When Weak, Nervous
"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

"Thousands of women testify Cardui benefited them. If it does not benefit you, consult a physician."

"NEXT THING A MIRACLE"

that's what users say about... the refrigerator for rural...

Superfex actually makes cold by burning kerosene. But it does. And it makes plenty of it for you need for keeping food fresh - all you need for freezing ice cubes and desserts.

More amazing still, Superfex does these things with the burning gas going just a small part of the time. About two hours after you light them, they go out automatically. Yet refrigeration goes right on. With one lighting you get twenty-four hours of refrigeration. This short burning time gives you modern refrigeration in its most economical form.

The new model offers the last word in convenience. And their beauty of design and finish has...

No electricity....
No running water....
No moving parts....
Operates on kerosene

You're The Loser
WHEN you allow Headache, Migraine, Rheumatoid, Sciatic Pains to keep you from work or play, you are suffering - and the work or play won't wait for you.

Why allow Pain to rob you of Happiness, Money?

DR. MILES' ANTI-PAIN PILLS are used for the relief of pain for more than thirty years. They taste good, act quickly, upset the stomach, nor cause any kind of pain. I have, they stop it almost, and still find that they relieve pain so promptly and effectively. Why don't you try them? They are how pleasant they are to take, and effectively they relieve you, and go back to disagreeable, slow-moving, slow-moving.

Chas. W. Webb, Indio, Calif.

You too may find quick relief. Why wait forty minutes when Dr. Miles Anti-Pain Pills will relieve you in twenty minutes?

As a household remedy I have never found anything that has helped me so much as Dr. Miles Anti-Pain Pills. I have told many about them and I find that they are a household necessity. I have been using Dr. Miles Anti-Pain Pills for years. I have used quite a lot of Dr. Miles Anti-Pain Pills. They are fine pills to stop pain.

On Relief In Va. declines; Less In Rural Areas

"Very little criticism" has been directed at the federal work relief program in Virginia, according to John Gallagher, state director for the national emergency council, who adds that the program as a whole has been very popular.

A report issued from Richmond, state this side persons on "direct relief" relief roles number 21-331. Conditions were described as worse in the cities than in the rural areas, where the approaching height of the farming season is likely lessening unemployment.

Under the federal bureau of public roads, 3070 relief workers were employed as of May 12, as against 4,367 non relief workers on 215 road repair and construction projects and 20 grade crossing eliminations in the Old Dominion.

The soil conservation program is providing employment for 1,114 relief workers on 11 projects. Approximately 6,000 young people are receiving student aid in schools of the state under the national youth administration, with 4,030 on NYA projects.

The WPA was employing 28,665 persons on May 1, slightly under the quota for that date of 30,000. Showing an average cost of 30 cents per case, during the first three months of this year, Winchester had the lowest average cost per case for relief cases among 12 Virginia cities on which figures were available. Newport News had the highest average per case of \$2.7.
